

# Power Cab Partner

Introducing the Power Cab Partner 5240327 \$94.95

A feature rich all-in-one Power Cab accessory with everything you need in a tiny package.

1. A simple, easy to use dedicated programming track output.
2. Built-in USB interface. 100% plug-and-play. No jumpers or drivers are needed.
3. An additional NCE Cab bus jack so the Partner can be added anywhere on your layout using standard NCE cab bus cabling.
4. It is self-contained in the sturdy and lightweight NCE micro form factor case used for many products. Velcro or double-stick tape can be used to mount it anywhere you need it.
